

The management of **Myruns Engineering Sports SL**, establishes as

Quality Policy:

- The priority commitment to **customer satisfaction and attention** and **compliance with their specifications and applicable requirements**, including **legal and regulatory requirements**.
- The commitment to **satisfy the needs of the Company's stakeholders** and to act respectfully toward the environment in our daily activity.
- This Quality Policy **is the framework of reference for the establishment of quality objectives** and **encourages the involvement of all people who make up Myruns in the achievement of said objectives**. All activities must be carried out with quality and safety, with a **zero-defect approach**, in all processes, following the established procedures, in order to **improve performance, minimize risks, optimize costs and increase profitability** and, consequently, customer satisfaction, to achieve the planned results.
- This Quality Policy establishes for Management, in the first instance, and for all collaborating people of Myruns a **commitment to continuous improvement**, and encourages **identifying the risks** associated with non-conforming situations in each and every one of the processes and situations and **establishing effective actions** that minimize or eliminate their impact, prioritizing prevention and improving the performance of processes continuously.
- The commitment of Management to **provide the necessary resources** so that the Quality Management System can develop effectively.
- **Collaborate with stakeholders**, in order to improve relationships continuously, **and, in particular, with suppliers**, with the aim of obtaining raw materials, products and services that satisfy our expectations and those of our customers.

As a commitment to everything described, Management signs the Quality Policy and commits to disseminating and communicating it to all the people who make up Myruns, and to third parties when so required.

The Quality Policy will be reviewed and published and will be available and accessible to all people who are part of Myruns.
